Please choose A or B program for your personal health needs:

A Program	Brainstem Auditory Evoked Potential (BAEP) Examination	This examination tests for the functions of hearing, the balance nerve, and the brain stem. The results from which and the results from the electroencephalographic examination are held as references for each other.
	The Carotid Arteries Ultrasound	Evaluation of blood flow to the brain, detection of potential clot that might lead to stroke.
	Apolipoprotein E Gene Analysis	This examination analyses the congenital genes for hyperlipoproteinemia typeIII and Alzheimer's disease. Based on the test, guests can find out their own physiques early on to prevent, slow down, and delay the diseases as soon as possible.
	Vitamin B12	Check for the level of vitamins in blood and the possibility of developing neuropathy.
	Folate	
	The Very Early Dementia Screening Scale (AD8 cognitive function assessment)	Assessing for several nervous system diseases, such as mild stroke, Parkinson's disease, dementia, and neurodegenerative diseases (the central or the peripheral nervous system).
	The Framingham Risk Score	The probability of the subject suffering from cardiovascular diseases within ten years will be predicted with the internationally accepted Framingham risk score.
B Program	Ophthalmology Consultation	External examination of eyes (including eyelids, the lacrimal apparatus, eye sockets, and checking for bulging eyes) and testing of eye muscles (to see if squint/ strabismus occurs) is executed. Retina will be examined through pupils with an ophthalmoscope. We will also check for any abnormalities in the conjunctiva, the cornea, pupils, the crystalline lens, the vitreous humor, and so on with a slip lamp.
	Basic Acute/Chronic Allergen Screening Test (110 Allergens)	66 allergens that may induce acute allergic reactions and 44 allergens that may induce chronic allergic reactions are simultaneously screened for. This test provides a comprehensive assessment of the compatibility between the subject's immune system and the environment and foods.
